

CHARACTERISTICS

STRUCTURE

Metal plate structure, legs composed by tubular steel 2 mm thick, 0,8 mm beams anticorrosion treatment (degreasing, phosphating and passivity) epoxy painted with two options:

- a) Central beam 180mm depth with variable height, in steel plate 0,8mm thick, for leading and hidden horizontal wire management, with metallic cover with vertical opening.
- b) Central beam 180mm depth with variable height, in steel plate 0,8mm thick, for leading and hidden horizontal wire management, with 3 electrical plugs cat. 6 and 2 RJ45 internet plugs. (Central beam supports acrylic, glass or laminate screens).

TOPS

Tops in 19 mm thick plywood, Laminate covered on both faces, with 2mm PVC edge band. Straight edges and 90° corners. Equipped with metallic raw plugs to attach to the structure.

PEDESTALS

Structure in DC01 steel plate, epoxy painted.

Mobile, Lateral or Support Pedestals, with normal drawers equipped with standing ball-bearing slides, or filing drawers equipped with fully extendable telescopic rails adaptable to hanging folders with fifth weal. Both Support and Lateral Pedestals allow replacement of the correspondent lateral or central leg.

Complete simultaneous locking of all drawers with folding keys. Anti-tilt system.

Metal top in steel plate, reinforced interior, 75mm high.

MODESTY PANEL

In 0,8 mm thick steel plate is attached to the desk through the top.

CABINETS

Structure in steel plate 0,8 mm thick, epoxy painted, 800x400x720, with tambour doors or filing drawers.

Cabinets with structural support allow replacement of the correspondent lateral leg.

_Cabinets with soundproof PVC tambour doors, horizontal opening, aluminium outlines, with magnets for complete closure.

_Cabinets with two large metal front drawers, with fully extendable telescopic rails, adaptable to hanging folders. Anti-tilt system and complete simultaneous lock of all drawers.

Upper cupboard to fit on the top of lateral cabinets or pedestals, with the same colour as the down part, backs in fabric, metal or opened.

ACCESSORIES

File tray, utensil tray and frontal screen, with metallic structure epoxy painted.

Modesty panel fixed into the desk top with screws.

Frontal and lateral screens covered with perforated mesh.

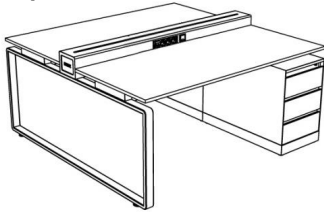

Frontal screens, File Tray and Utensil Tray, fitting on the central beam.

Frontal Screen plastic connection pieces in black or white. Lateral Screen to fit on the worktop, fixes underneath the top.

EX-WORKS

2 weeks

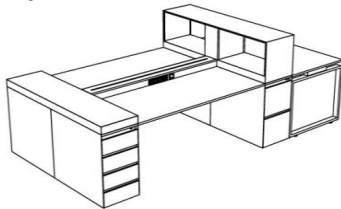

Example 1

Structural worktop in textured white (central beam and under steel structure), with tops in white laminate, plugs and wire grommets in white plastic. Lateral leg in textured white with finishing caps painted blue. Pair of support pedestals to be placed on the side of the set, in textured white, with blue finishing caps.
